A HOME FITTING FOR THE OCCASION

Frame your treasured moments

Your home is the heart of your treasured moments and at Tradelink we want to help you frame those moments with our exclusive RI0s Flush Fit casement windows.

Every RI0s product is designed to the highest quality, while sustainable manufacturing processes reduce their impact on the environment to the benefit of you and your future generations.

With every new product we bring to market, we are constantly looking to continue our development process and improve on our last. We believe that through our seamless welding process we have progressed the manufacturing of window frames yet again.

QUALITY DESIGNS FOR PERFECT RESULTS

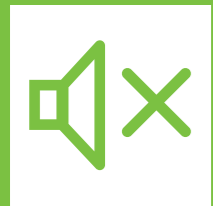

Seamless Flush Fit Windows

The R10s range has got us feeling flush, as when it comes to design features and sophisticated styling, the R10s Flush Fit window is in a class of its own.

To ensure the windows are always looking good, they have been specially designed so that the opening sash of your window sits flush with the outer frame, giving a unique sleek and seamless appearance.

R10s Flush Fit is a genuinely high-quality product, achieving excellent weather performance credentials along with PAS24 security accreditation.

As with all Tradelink products, safety, security and longevity of your windows is paramount. Your R10s Flush Fit windows benefit from enhanced noise reduction, high energy efficiency and are easy to maintain keeping your windows looking good throughout their lifetime.

ATTENTION TO DETAIL

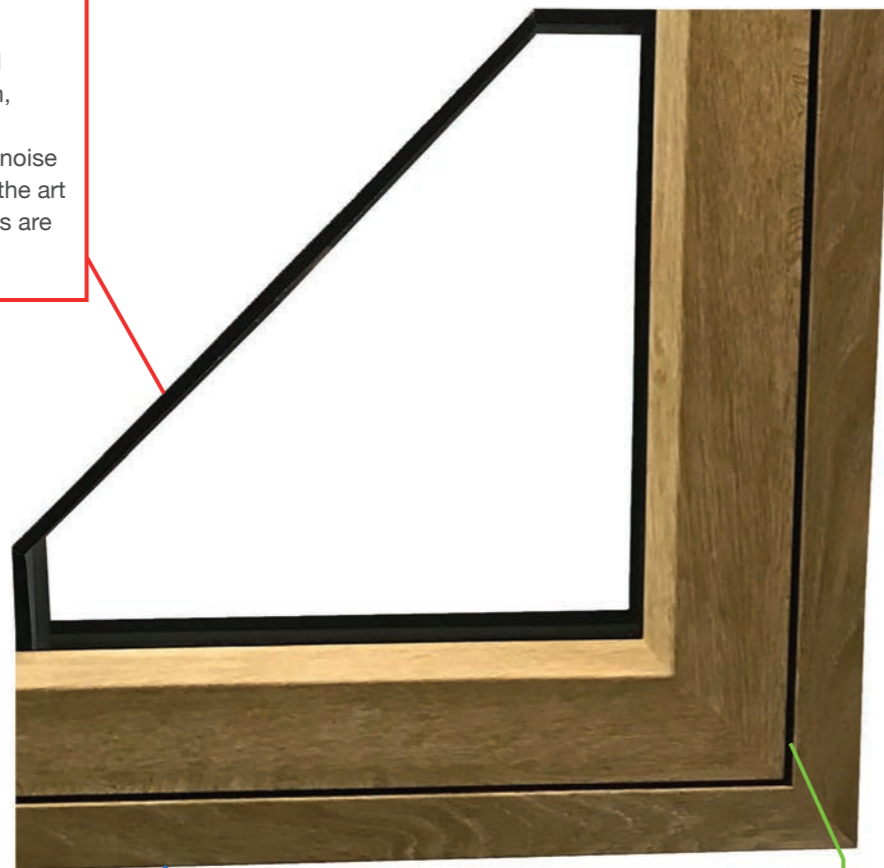

The choice is yours

When you think of seamless design, what comes to mind? A quality finish? Sleek sightlines? Uniformity and exceptional flow? The list continues, but with our seamless designs you get all of this and more.

The R10s Flush Fit is all about offering the customer more choice. Many of our competitors will offer a mechanical joint only. However in addition to the welded joint we offer a seamless option that takes the product to a whole new level.

HeatGuard is a thermal efficient glazing system, if you are looking for additional warmth and noise reduction, our state of the art HeatGuard glazing units are the perfect fit.

HomeGuard is a carefully selected range of locks to ensure performance meets British standards for enhanced security. Strong, safe and secure for a guaranteed peace of mind.

SEAMLESS

R10s is built using patented welded construction, providing extra strength and a unique sleek appearance.
